SPRING NOVELTIES

Three new collections, result of Viccarbe's constant search for extraordinary comfort and polyvalence.

Mediterranean Collaboration

Viccarbe inspires Mediterranean experiences for collaborative spaces.

The 300 days of sunshine a year that we enjoy in Valencia exert a great influence on the warmth and quality of our raw material, our passion for the senses, the quest to stand out from the crowd, attention to detail and, above all, the way we look after our friends. This is what makes us different.

12 COPA

20 MAARTEN PLASTIC

Quadra

It's all about a conclusion, about an answer to questions about the way in which a product is able to interact not only with the user, but also with space, proportions, light, and materials. Driven by the idea of balanced and harmonic designs, Mario Ferrarini presents Quadra as a clear homage to architectural tools and drawings. The result is a chair with a refined and synthetic silhouette.

Eventually, simplicity becomes the best way to find that freedom we are constantly looking for.

Designed by Mario Ferrarini

Warm Minimalism

“Driven by the idea of balanced and harmonic designs, Mario Ferrarini presents Quadra as a clear homage to architectural tools and drawings.”

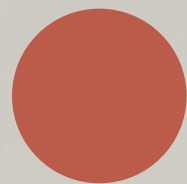

Quadra chair

Quadra chair, stackable

Copa

Copa is the result of Viccarbe's constant search for extraordinary comfort. Its silhouette, inspired by the shape of an elegant glass, perfectly synthesizes the idea of David Ramos & Jordi Bassols about contemporary design. This new chair was born as a product of defined, warm and attractive lines, outstanding thanks to its versatility and adaptability to many different spaces.

Designed by Ramos&Bassols

Absolute Comfort

"Copa outstands by its versatility and adaptability to space, keeping comfort as common denominator."

Copa chair, five casters base

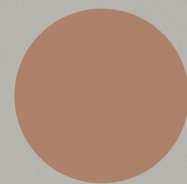

Copa chair, pyramid casters swivel base

Copa chair, pyramid swivel base

Copa chair, flat swivel base

Maarten Plastic

Maarten was born as a chair capable of offering as much ease as it offers durability and longevity. This perfect balance was achieved not only in its use, but also in its form. It keeps its promise when the user finally sits on it. Maarten is pure personality: one hundred percent capable of combining character with comfort. In swivel version, 4 legs, with or without arms, in soft or smooth upholstery... And from today on, also in plastic. What's next?

Designed by Víctor Carrasco

A Contemporary Classic

“Maarten Plastic adds the polypropylene for the very first time to the collection; reinforcing Victor Carrasco search for timeless, comfortable and affordable design.”

Quality

Viccarbe has a demanding environmental certified project fruit of our total commitment to the sustainable manufacturing program. We use PEFC certified wood in all products indicated. BIFMA quality certification available for download on our website for the selected collections.

Quick Delivery

Viccarbe has a bestselling selection in stock ready to send within a maximum of five working days. Please check with our sales department first about the current availability of these pieces. We remind you that Viccarbe Studio dealers always have priority delivery.

Responsibility

A large part of our work at Viccarbe is devoted to the balance of our designs. By the same token, we understand that only a balanced, responsible society will lead to a sustainable future. From RESPONSIBILITY by Viccarbe, we collaborate in innovative social projects to humbly contribute our small part.

Our Web

"Downloads" has 2D and 3D files of its entire collection in the dowload section of the website. A useful tool for those architects and designers who need these files to make their interior design projects. You can directly access this documentation after a simple registration on the website. REVIT and BIM files are available for download from www.viccarbe.com

Our Clients

Viccarbe is grateful for the people and companies we get to work with worldwide
