- Once the registration is confirmed, you can request data
- Click on **Request**
- Generally the requests are approved within 24 hours

3	pCon.login
	Request Access to Catalog
	viccarbe
	Hereby you request the activation of the catalog directly from the manufacturer. You will receive a notification e-mail as soon as the manufacturer has decided on your request.

- In the side menu click on **Applications**
- Click Select in pCon.planner MarketingEdition
 - It's free
 - Necessary for using configurable data offline
 - For other offline applications a license is required
- Click on No pCon update installed?

pCon.login \equiv Manufacturer Catalogs Your approved catalogs are available in all pCon applications ». Please send me an e-mail when new manufacturers are available. Currently, only the catalogs for which you have been invited by the respective manufacturer are activated. Do you want access to all catalogs? Request activation for the pCon Community. It is free of charge. Activation Page <u> Account</u> Order: Status 🗸 Availability: IT 🗸 Status 🗸 Sector 🗸 More AE Users Search Manufacturer catalogs \overrightarrow{X} 🕅 A. & H. ME Applications viccarbe P 🗵 In Process Request again 🖂 Contact Data request status

- In the **Manufacturer catalogs** menu you can check the **status** of the data request
- To complete the registration to the pCon community, click on **Activation Page**
- In the new window, **check that the data is correct** and click on Request
- You will receive an email with the approval usually within 24 hours

• Install the DataClient, following the installation wizard

- After the installation is concluded, **run the DataClient** and follow the setting wizard
- When requested, insert your **pCon.login account** credentials
- Check on **Save password** and **click OK**

- Click on Schedule updates on the left menu
- Select the following options
 - Notify if new updates are available
 - Repeat periodically every: to 'day'
 - Execute update to 'after User Logon'
- You'll receive an automatic notification when new updates are available

- Now you'll have to wait for the manufacturer to approve the data access
- Usually it happens within 24 hours
- When you receive the confirmation email continue with this guide

- For the **online applications** (pCon.box and pCon.facts) you can start using the data immediately
- For the offline applications (pCon.planner and pCon.basket) you'll have to download the data into your computer using pCon.update DataClient

- Start pCon.update DataClient
 - Click Next on the following two windows to force a control of what data is available to update
 - You'll see a list with the applications and data
- Click **Install** to start the download and installation process
